SUCCESSOR TO APPLER TAKES HIS OATH TODAY

A new postmaster for Gettysburg, Charles W. Pentz, 709 Johns Ave., will be sworn in late this afternoon at the post office here by a U. S. postal inspector.

He will succeed Jacob G. Appler, E. Broadway, who has been acting postmaster since October, 1958, and will end his services today.

Pentz, who has been an employee of the State Employees' Retirement Board at Harrisburg for the last two years, resigned his position there, effective July 5. He will serve as acting postmaster until his nomination has been confirmed by the U. S. Senate.

Appler's name was sent to the Senate three times by former President Eisenhower and was on a list of nominees pending before the Senate when President Kennedy took office in January. PAYS OVER \$6,000

The office pays between \$6,000 and \$6,500 per year.

During Mr. Appler's administration of the office a number of important changes have taken place. The number of rural routes out of Gettysburg was increased for the first time in a quarter century with the addition of a sixth route and the reassignment of hundreds of rural patrons to new rural route numbers. A new post office branch unit was established at the Student Union Building on the Gettysburg College campus and the first curb mailboxes were placed in the town for the convenience of motorists.

In addition to the "drive-up" mail boxes which have been placed at the post office on E. High St., on Springs Ave. at the shopping center, on W. Middle St. at the phone office building and on Steinwehr Ave., near S. Washington St., Mr. Appler about a year ago initiated an auxiliary city mail route to serve growing Colt Park area.

Reds Must Have Good Ideas Or U.S. Will Not Confer On Solution Of Berlin Issue

WASHINGTON (AP) — The United States has framed a note telling Soviet Premier Khrushchev, in effect, that there is not much point in negotiating over Berlin unless he comes up with more reasonable ideas. It probably will go to Khrushchev next week.

The point is understood to be made with diplomatic indirection by:

(a) Saying this country is always ready to negotiate for a solution of the problem when a reasonable basis for negotiations exists; and

NO SPECIFIC PROPOSAL

(b) Refraining from making any specific proposal for talks. The communication, being put into final form in consultations with Britain, France and West Germany, will respond to the memorandum Khrushchev gave President Kennedy at the end of their Berlin talks in Vienna a month ago.

NEW BUILDING BOOMS IN FIRST HALF OF YEAR

So far in 1961 permits showing total valuation of \$1,581,910 have been granted. During 1960 the total construction expense contemplated, according to the permits, was \$1,351,710.

Three buildings account for all but \$292,125 of the 1961 construction.

WORK AT COLLEGE

The permits for the new physical education building and addition to the college library, now well underway at Gettysburg College, call for expenditure of \$1,193,785. According to the building permit, construction of the National Civil War War Museum now being built at Steinwehr Ave. and Culp St. will cost \$96,000.

Another major construction is the addition to the rear of the building and remodeling of the interior of the Lambda Chi Alpha fraternity, 113 W. Broadway. The permit calls for expenditure of \$70,000.

Only three new homes are planned in the borough, according to the permits issued so far this year. Bernard S. Rehmer obtained a permit in April for construction of a house on Highland Ave. for \$23,000 and L. D. Sheeler obtained a permit the same month for construction of a house on Reynolds Ave. for \$15,000. A permit was issued June 27 to Allen McDonnell for a brick (Continued On Page 3)

STAGE STARS JOIN CHOIR

Five young troupers from the cast of "Young Abe Lincoln," the New York musical hit now playing at Fantasyland, will lend their musical talents to the choir of the Presbyterian Church during their stay here.

Sharlie Shull, Ann Rutledge in the play; Charles Wallrich, Mrs. Ellie Quint, Bob Quint and Charley Hull had their first rehearsal with the church choir Thursday night.

The Lincoln players are all experienced young actors with professional credits in New York in a variety of roles. Most of them are young collegians from Northwestern, Grinnell, Indiana U. and elsewhere who caught the acting bug early and have been sweating out polish and experience in the rough New York theater.

"Young Abe Lincoln" is pitched to youngsters, and Gettysburg area children who have seen the musical have been delighted with the fresh songs and the imaginative skits. Some have been back time after time to enjoy the music, dancing and comedy built around Lincoln's days in Salem, Ill., just as he was beginning to make his way in the world of politics.

The show, produced in a tent next to Fantasyland, plays twice daily at 4 and 8 p.m. with an added matinee on Saturdays at 2 o'clock.

The Little Golden Theater is a promotion of publishers Simon and Shuster, whose Little Golden Books are world famous.

A committee comprised of Marshall Tuckey, William Warren and Mrs. Pauline Adamik will meet Monday with Harold Swenson, head of the state's Tourist Promotion Bureau, to present approvals given so far by 16 county municipalities and the county commissioners as qualifications for aid that may total \$5,000 a year or more. It will report at Tuesday's meeting.

Under the state's new matching fund programs for tourist promotion, agencies that are authorized by municipal governments representing more than 50 per cent of the population in their county may receive certain amounts in matching funds based upon tourist business.

Other business scheduled for Tuesday's meeting will be the start of the new fiscal year and the annual membership campaign. Advanced Atlas Missile Hurtles Over 9,050-Mile Course For Rocket Record

CAPE CANAVERAL, Fla. (AP) —The business end of an Atlas missile hurtled out of the western sky like a blazing meteor and crashed into the Indian Ocean early today at the end of the longest military rocket flight on record—a 9,050-mile journey from Cape Canaveral.

The distance exceeded by only 10 miles the course covered by two Atlases also fired into the Indian Ocean last year. But, more important, it marked the first long-range success for an advanced Atlas being developed to carry blockbuster payloads almost halfway around the world.

The Air Force had been deeply concerned about seven failures in 10 previous test launchings of this new Atlas "E" series. But pleased officials reported after today's success that the problems appear to be licked.

HUGE MISSILE

The huge missile, 85 feet tall on liftoff, blasted off just before midnight Thursday night and darted into a star-filled sky. About 4½ minutes later, an inertial guidance system sensed the rocket was on the proper course and ordered engine shutoff and separation of the nose cone.

The 1½-ton cone followed a ballistic trajectory which carried it nearly 1,000 miles high and peak speed of 17,000 miles an hour. On its all-over-water course, the warhead zipped east of the tip of Brazil and south of the Union of South Africa.

Fifty-three minutes after the launch, two tracking planes and a ship followed the cone's fiery path as it plunged back into the heat barrier of the earth's atmosphere and dived on target about 1,000 miles southeast of Cape and weighing more than 100 tons.

Town, South Africa.

MOST POWERFUL

The improved Atlas, made by General Dynamics - Astronautics, is the most powerful United States military rocket being test flown. Its three massive engines generate 400,000 pounds of thrust, 40,000 more than the earlier D missile, which has been operational nearly two years.

The E rocket, scheduled to become operational within a few months, is designed to carry a larger hydrogen warhead or to boost the present D warhead to targets up to 12,000 miles away.

An estimated 10,000 lined the streets of Gettysburg Thursday evening for the largest Battle Anniversary parade held here in years.

More than 70 units took part in the procession which took 65 minutes to pass the judges' stand at the courthouse.

Pleasant Hill Fire Co. with 42 men in line took the \$75 prize for the best appearing fire company marching unit with 35 or more men in line. The New Windsor Fire Company Auxiliary won the \$50 award for the best firemen's auxiliary marching group.

Fairfield's Armvets and Auxiliary won the \$50 award as the best appearing marching unit other than a fire company.

HANOVER WINS AGAIN

Taneytown High School won first prize, \$75, for best band. The VFW Scottie Pipe Kilie Band of York took the \$50 second award and the Littlestown High School band won third prize, \$25. Gettysburg High School's two bands, the Blue and Gray of Gettysburg, and the Second Army Band were not competing for awards.

Seven prizes were given for the best drum corps. The Lancers Drum and Bugle Corps of Post 14 American Legion, Hanover, a perennial favorite here, marched off with the first prize of \$125. Second award, \$100, went to St. Mary's of Baltimore which showed great improvement over its appearance here a year ago; third prize, \$75 went to the Freestaters of Hagerstown. Fourth award of \$50 was won by the Rouss Post Knights of Erin from Winchester, Va. Fifth prize, \$30, went to the Starlighters Junior Drum and Bugle Corps of Carroll Post 31 of the American Legion of Westminster. Sixth prize, \$25, went to Les Saints Junior Drum and Bugle Corps of the St. Thomas American Legion and seventh prize, \$20, to the South Fork, Pa., Boy Scout Drum and Bugle Corps.

10 FLOATS WIN

Six prizes were awarded for floats based on historical theme and four for floats based on beauty and originality. The prizes were \$75, \$50, \$25, \$20, \$15 and \$5. The awards, first through sixth in order, for historical floats, were Kiwanis Club with its representation of the Pennsylvania Monument; Sons of Union Veterans with a reproduction of Cushing's Battery at Bloody Angle; Company K, North-South Skirmish Association with its representation of Union troops taking Confederate prisoners from Gettysburg (including the shooting of prisoners who tried to escape); Adams County Senior Extension Club; Cub Pack 160 and the Young Republicans Club of Adams County.

Winners in the floats judged on beauty and originality in order, first through fourth, were Oniska Tribe 40 Improved Order of Red Men of East Berlin; Gettysburg Rotary Club; Soroptimist Club and Lions Club.

FAMILY DREAM WIPED OUT BY SEVEN DEATHS

GALLUP, N.M. (AP)—Thursday morning the sun shone on a better world for Charlie J. Smith and his wife and six children.

Monday, he was promoted from a pick and shovel man on a Santa Fe railway section gang to machine operator. The boost in pay would help him and his wife after struggling along for seven years of married life on the meager earnings of a section hand.

Smith could probably get to see his family more often, and maybe they wouldn't have to be living apart.

FAMILY KILLED

The dreams and plans of the Smith's future were blotted out in a tragedy-stricken hour of horror at 8:40 a.m. Thursday. Mrs. Smith, 35, and the six children, Cecilia, 6; Richard, 5; Edward Lee, 4; Wanda Ann, 3; Loretta, 2, and Virgil Lee Smith, six months, were killed.

The family was on its way to see husband and father when Mrs. Smith made a left turn from busy U. S. Highway 66 right in front of a heavy grain truck on the outskirts of Gallup. State Police said Mrs. Smith failed to keep a proper lookout.

Gallup Police Chief Manuel Gonzales, who has seen many horrible accidents on the bustling highway, said it was the worst he had ever seen.

FATHER APPEARS

Smith, a Navajo Indian as was his wife, was brought to the scene of the accident, which was only a few blocks from where he was working, just as the ambulance was taking the last of the children away. Mrs. Smith and four children were dead at the scene and the other two died in a Gallup hospital an hour later.

After viewing his loved ones in a Gallup mortuary, he collapsed on the curb. Relatives led the grief-stricken man to their home where he is waiting to bury his dreams and family.

NOTE CLUE TO TRAIN CRASH

SALEM, Va. (AP) — A note found in the purse of a woman injured when her car was struck by a train at a crossing here may hold the answer to whether the crash was accidental.

Salem Police Chief George Eades has declined to release the contents of the note and has indicated the information may not be released if the victim recovers.

The car, driven by Elizabeth Howard of nearby Roanoke, was struck by a train being operated at the time by her husband.

Eades said Thursday his department was investigating the possibility that the wreck Wednesday, "was not an accident," and he admitted finding a note with two names written on it in Mrs. Howard's purse. But he would say no more about the note.

Mrs. Howard, 39, was still unconscious and in serious condition at a Roanoke hospital Thursday night. Her husband, Ernest O. Howard, was taken to another Roanoke hospital. Officials there described him as emotionally upset.

Howard is the fireman on the freight train, but was temporarily at the controls when the collision occurred.

Witnesses said the car driven by Mrs. Howard was in the area for 12 minutes before the crash.

\$650 Damages In Two-car Accident

Russell E. Ecker, 35, Gardner R. 1, was charged by borough police before Justice of the Peace Anna E. Thompson with failing to yield the right of way as the result of an accident at Fourth and Hanover Sts. late Thursday morning.

Police said that Ecker going east on Hanover St. made a left hand turn onto Fourth St. In doing so, they said, he struck the front portion of a 1950 Chevrolet sedan going west on Hanover St. and being driven by Chester W. Lawrence, 55, Gettysburg R. 3.

Damage was \$450 to Ecker's 1961 Ford sedan and \$200 to the Lawrence vehicle. Vincent Lawrence, 11, a passenger in his father's car, was treated for a bruised forehead at the Warner Hospital, and Ecker was treated for a swollen left eye.

Police Save Man Overcome By Fumes

Borough police averted a possible suicide this morning when Mrs. James F. Cline, 678 S. Washington St., called and said her husband may be "taking his life."

Upon questioning, she said that he had gone to the garage, closed the door, and she heard the motor running.

Police went to the garage and found Cline in the front seat with the motor running. He had been overcome by fumes, they said.

Police took Cline outside the garage where he was revived. They said, if they had been warned five minutes later, it would have been too late. They said Cline was depressed. After a brief conference in the borough office Cline was returned to his home.

LIBRARY HAS MANY NOVELS OF HEMINGWAY

By Mrs. W. R. Schubart

It seems a little strange that an author should come into greater prominence once he is dead, as if, having defined his limits, he moves into clearer focus. The newspapers are full of accounts of the life and works of Ernest Hemingway who died last Sunday. Now he can be understood, placed in his time, and have his influences traced.

Hemingway is known for the vigor of his living, and for the economy of his writing style. He was an honest writer in the sense that he described only what he knew, what he had experienced.

One critic called him "the rough, tough, fighting literary man. . . . For Hemingway it is only possible to know life through some activity." Certainly he lived actively, at times violently. As for his style of writing, what he admired and what he achieved are summed up in a sentence he himself wrote about Mark Twain: "Twain's notable ability to project in ostensibly simple language the essence of active experience is the quality that endears 'Huckleberry Finn' to me."

REPRESENTATIVE GROUP

A representative collection of Hemingway's novels appears on the shelves of the Adams County Library, as well as several essays written about him. The novels are: "The Sun Also Rises" (1926). His first success; the story of what Gertrude Stein called "The Lost Generation"; "Death In The Afternoon" (1932); on bullfighting; "To Have And Have Not" (1936); written around smuggling in the Florida Keys; "For Whom The Bell Tolls" (1940); on the Spanish Civil War; "Across The River And Into The Trees" (1950); the locale is Venice; "The Old Man And The Sea" (1954); a story of courage, death and marlin fishing off Cuba. There is also a "Hemingway Reader" which contains two complete novels, selections from many others, and a number of his short stories, which rate with the best that he wrote.

An article by Hemingway called "On The Art Of Writing" appears in "Horizon" magazine, the January, 1959, issue. And there are three pieces about Hemingway. One appears in "Wisdom" magazine (published monthly by the Wisdom Society for the Advancement of Knowledge, Learning and Research in Education) under the title, "Hemingway and the American Novel," June 1958. The No. 1 pamphlet of the University of Minnesota series on American writers is "Ernest Hemingway" by Philip Young from Penn State University. And the very newest book was published in 1961. It is called "Hemingway and His Critics: An International Anthology." Edited by Carlos Baker, professor of literature at Princeton, it contains many critical essays by foreign and American evaluators.

ADVERTISE IN THE TIMES

AERO OIL WILL BUILD IN YORK

Zoning approval for a modern brick and glass structure to cost an estimated \$55,000 will be sought by Aero Oil Company, New Oxford, which plans to demolish the buildings at 137-149 S. George St., York.

Construction of approximately 30 motel units with an entry from George St., passing under the second-floor offices is under consideration but will not be presented for zoning approval at this time, Irwin Epstein of Epstein and Sons, Inc., realtor, said.

The tract measuring 115 feet by 250 feet extends from Newton Ave. to the Moose Home parking lot, and includes the properties assessed at \$190,750. Land assessment is listed at \$103,960. Present plans call for a three-way service station plus an office and sales rooms on the first floor, with a second story suite of offices to be leased to an undisclosed tenant.

A parking area will be surfaced in the rear of the tract. The buildings were bought from York Mortgage Company at an undisclosed price.

Out Of The Past

From the Files of the Star and Sentinel and The Gettysburg Times

FIFTEEN YEARS AGO
County Boards Sent 3,748 Men Into U. S. Forces: Adams county's two draft boards sent 3,746 men into service with the armed forces from October 16, 1946, date of the establishment of the Selective Service system, until July 1, according to reports given today by the two boards. As of July 1, 2,986 had been discharged.
New Oxford's board listed 1,961 men sent into the various branches of the armed forces during the period, of whom 1,632 have been discharged.
The board also has records of 31 women from that section who entered the Wacs, Waves and Marine Corps, and who have been discharged from the service. Because the women were not registered under the boards there is no record of how many actually have entered the service. The 21 listed by New Oxford are those who have been discharged and notification sent to the local board.

The double-ring ceremony of the Lutheran church was used.

Truman Suggests Substitution Of Word In Inscription Carved On Base Of Peace Memorial Here: On his first visit to Gettysburg, Saturday, since he became President of the United States, Harry S. Truman suggested that the word "nation" carved in the base of the Eternal Light Peace Memorial be changed to "World" and that the inscription read "Peace Eternal in a World United."
President Truman made this while at the Peace Memorial. He told the delegation of reporters who came here from his "Shang-

MORE IMPORTANT THAN YOURSELF
If you concentrate on yourself, on things that you want much for yourself, on plans and hopes that must come to you, you will be robbing the bank that might contain great treasure for you in times of stress.

Things outside yourself are the all-important!
It may be a great plan, an unexpressed love—a dream, perhaps—but, of necessity, some one, fine, masterful thing centered far from what you are. It won't matter if it is merely tied to some distant star—but it mustn't be to you, but of concern to others.
For it has long been demonstrated that those who tie to themselves the rich rewards and prizes of this world soon have to drop them for sheer weight and worry.
Whereas those who build around them benefits that any and all may find of happy service already own acreage in this world and any that is to follow.
Most everything in this world is more important than you are to yourself.

But that doesn't mean that you are not important. You are very important! You are the world. You are time and events. You are humanity.
Emerson says:
Go where he will, the wise man is at home.
His hearth the earth, his hall her azure dome.
How foolish, then, to envy, to complain, to pity yourself, to sit in ashes when you might be traveling the heights with aspiring men.

As a matter of fact, you are most important when you seem least important to yourself.
Grow out—the room is there.

Cherry Picking In County Now In Full Swing: The fruit harvest season swung into high gear today with an estimated several thousand workers engaged in harvesting the cherry crop in orchards throughout the county.

With approximately 217,000 trees to be picked before the season is over workers from Adams, and other nearby counties and from Maryland entered the orchards today en masse to begin the harvest of the fruit that is rapidly becoming the country's Number 2 fruit crop. Many orchards began their harvest Friday, and the rest, with few exceptions, started their picking season today.

HAPPINESS
I take that little tot of mine
And bounce her on my knee,
And straight the sun begins to shine
And troubles slip from me.
Then as we ride to London town,
My cares all disappear;
And I forget that I can frown,
And all my skies are clear.

Forgotten are the bumps and jars
I got throughout the day,
Forgotten are the wounds and scars,
The plans that went astray;
And all the world is bright to me,
And every man's my friend,
And there is green on every tree
Unto our journey's end.

There is no hatred in the land
My babe and I ride through;
No people who misunderstand
The things we say or do,
And every trouble is forgot,
And life is fair to me
Where'er I take my little tot
And bounce her on my knee.

CANADA FACES SCHOOL ISSUE ON RELIGION

By CARL MOLLINS

TORONTO (AP)—An explosive debate over the teaching of religion in public schools has stirred the Toronto suburbs of North York where Jews, Unitarians and secular citizens groups are ranged against Protestant church leaders and Ontario education regulations.

The controversy is matched on a more subdued note in Quebec where a group of French-speaking intellectuals is campaigning for nonsectarian schools alongside the Roman Catholic and Protestant school systems, both supported by tax money.

Late last year in Calgary, Unitarians and Jews petitioned the local school board without success for the elimination of religion classes.

IN MOST OF CANADA

The issue of whether religious education has any place in state schools recurs in communities with mixed racial or religious background, which is to say most of Canada.

2 NATIONS SIGN DEFENSE PACT

MOSCOW (AP)—Soviet Premier Khrushchev announced today the Soviet Union and North Korea have signed a mutual defense pact to counter a growing threat of aggression by South Korea.

He said the recent coup in Seoul established "a regime of open military-Fascist dictatorship."
"The threat from the military-Fascist clique is growing. It is known that this clique has an army of 600,000 equipped with American weapons," Khrushchev added.

"We consider it our duty to establish a regime of open military-Fascist dictatorship," Khrushchev said.

warn the aggressive forces that if an attack is made on the Korean Democratic Republic, then the Soviet Union will look upon this attack as an attack upon itself."

Khrushchev made the announcement at a Soviet-Korean friendship meeting in Moscow.
Publication of the pact, seemingly means that the U.S.S.R. is openly replacing Communist China as North Korea's chief protector. It was Communist Chinese "volunteers" who intervened in the Korean War. The Soviet Union always claimed it took no part in that fighting, although Soviet-built MIG fighter planes and other weapons were used on the Communist side.

BOYLE LISTS GRIPEs FROM RESORT OWNER

By HAL BOYLE
NEW YORK (AP)—Remarks a summer resort owner gets tired of hearing:

"If you ask me, it looks like rain."

"I admit the view is fine from your viewpoint, but, frankly, I expect more from a two-week vacation than just to look at the same bikini."

"Better stuff some cotton in your ear, boss. Here comes Mrs. Atwater Bilge now. She's the one who found half a moth in her fruit cup."

"We've been here 10 days and haven't seen the sun once. We give up. Where are you hiding it?"

"Could you change my room, please? The man in the room next to me has a beard, and I don't like the look in his eye. No, he hasn't spoken to me—but I'm afraid he might."

"I know it's past the dinner hour, but all 10 of us got lost on the mountainside, picking blueberries, and we haven't had a bite to eat since."

"Could I get my husband in under the children's rate? He's been acting awfully childish ever since we started this trip."

"Let's not stop here, Ralph. The resort down the road is 50 cents a day cheaper."

"How did you ever get into the resort business anyway? Just unlucky?"

"Sir, where do I report a Peeping Tom?"

"The travel agent told me this place would be crawling with eligible men, but the only thing the men I've seen here are eligible for an old-age pension."

"Hey, boss, that married dame whose husband got called back to the city has climbed up on a table in the cocktail lounge again and is showing how to do yoga exercises. What'll I do with her this time?"

"If you carry out the bags yourself, Logan, you won't have to tip."

"No, we're not staying. We just want to use your washroom. Our guidebook gives it a three-star rating."

"If this resort gave rainchecks, we'd all go home millionaires."

"Look! Is that the sun coming out at last—or just another mirage?"

"The boy at all. Let his father send him through college; it's not your responsibility."

"No, we're not staying. We just want to use your washroom. Our guidebook gives it a three-star rating."

100 Years Ago This Week...in THE CIVIL WAR

(Events exactly 100 years ago this week that led to the Civil War—told in the language and style of today.)

AT RICH MOUNTAIN

Union Forces Claim W. Virginia Victory

BEVERLY, Va., July 11 — Evacuation by Southern forces of the strategic Western Virginia mountains appeared certain today after a decisive Union victory at nearby Rich Mountain.

Three brigades of Federal troops commanded by Maj. Gen. George B. McClellan drove a Confederate unit of some 4,000 men into retreat after two days of fighting amid the crags of the Rich and Cheat Ranges.

Correspondents gathered in this drowsy hamlet, serenely surrounded by the blue-tinted peaks of the soaring mountains, had their choice of two versions of the actions.

In a typically Napoleonic dispatch, McClellan declared: "We have annihilated two armies, commanded by educated and experienced soldiers, entrenched in mountain fastnesses fortified at their leisure."

But what really happened was that there were virtually no volunteers and the only reinforcements, the 44th Virginia regiment, were sent by Lee too late to do Garnett any good. It joined him the day of the defeat but did not take part in the fighting.

These witnesses appeared puzzled over McClellan's slowness in advancing on what they considered to be obviously vulnerable positions.

And they were perplexed at the manner with which Southern forces were withdrawn, apparently in anticipation of assaults that never actually materialized.

Observers agreed that apparently both sides vastly overestimated the strength of their opponents.

The consensus is that McClellan advanced with unnecessary caution, and that the Rebels retreated with unnecessary haste.

McClellan is reliably reported to have estimated, on the eve of battle, the enemy's strength at more than 10,000.

But the Rich Mountain regiments, commanded by Brig. Gen. Robert Selden Garnett, a 42-year-old former Union army officer, never numbered even one-half of that figure.

ONE KEY to McClellan's faulty information was seen in the dismal failure of Garnett to recruit reinforcements for his units.

With Gen. Henry A. Wise, Garnett had been ordered by Gen. Robert E. Lee into the area not only to defend the key rail centers there, but to enlist the mountain-ers.

In a report to Lee July 1, Garnett forlornly advised that he was able to recruit only 23 men during a full week's work.

West Virginians, Garnett told Lee, "are thoroughly imbued with an ignorant and bigoted Union sentiment."

It appeared likely that McClellan, generally, spoke to members of the Pontifical Commission for the Apostolate of Laymen, one of the bodies preparing for the forthcoming Ecumenical Council of the Roman Catholic Church. Several cardinals, archbishops and bishops were present.

The 79-year-old supreme ruler of the Roman Catholic Church said he was saddened by the news of the "cruel killings" in Algeria. He said he prayed they cease.

RED SCRIBE SCOLDS IOWA CORN FARMER

By REINHOLD G. ENSZ

MOSCOW (AP) — Iowa corn farmer Roswell Garst, an old acquaintance of Nikita Khrushchev, is being described in the Soviet press as a man who doesn't pay his hired hands very much.

And some of his political ideas were called "somewhat naive."

This portrait of Garst was written for the official newspaper Rural Life by A. Romanov, one of the Soviet journalists who recently toured the United States at the invitation of the American Society of Newspaper Editors.

After a visit to the Garst farm, Romanov wrote: "On his 5,000 acres of land he employs 20 men, who know well how to handle farm machinery and are real masters in their trade."

"DOESN'T PAY MUCH"

"He does not pay them much: \$1.10 an hour on weekdays and \$1.70 on Sundays. In this respect he acts like a man who knows well the value of money, and takes good care to have every dollar bring him a clear profit of two."

"Besides, a high price is not set in the United States on the labor of those who produce wealth for others."

Romanov approvingly noted that Garst called the arms race a "world craze" but Romanov added: "Some of his views as, for example, the idea of dividing the world into literate and illiterate rang somewhat naive."

"THREE-HOUR EXPERT"

In Coon Rapids, Garst called Romanov a "three-hour expert."

He recalled that Romanov visited the farm with a group of other people last May 14.

"He stayed about three hours," said Garst, "then went home and wrote an article about our farming operations. That would be like me going to the Soviet Union, staying three hours, and writing all about Russia—full of inaccuracies."

He said the Soviet newsmen stopped at the farm on a Sunday during corn-planting time.

"We had been rained out for a week before and decided to work that day," Garst said. "Most of the employees he saw were day laborers which we use occasionally throughout the year. Most of our employees are permanent, year-round men living in nearby farm homes."

Garst said Romanov was particularly inaccurate about the amount of land he actually owns.

"He not only grouped my land, but also land owned by my sons and some of the farm lands I manage for others," said Garst. He did not reveal, however, how much land he does claim title to.

2 Trophy Races At Williams Grove

WILLIAMS GROVE — Two special trophy races instead of the usual one will be seen this evening at the modified stock car racing program on the Williams Grove Speedway.

The added trophy dash, which brings this week's card to seven events, results from omission of the event last Friday because of a threat of rain.

Two of the highly-coveted trophies will be up for grabs between the winners of 10-lap heat races on the respective programs.

Qualified for the first trophy dash by virtue of having won their respective preliminary event a week ago are: Johnny Mackinson, of Delta; Bob Hersh, Glen Rock, and Fred Adams, Kutztown.

The three starters in the second match race will be determined by the outcome of the qualifying races on this week's program.

KENNEDY NOW FACES STERN POLICY TESTS

By JAMES MARLOW

Associated Press News Analyst
WASHINGTON (AP) — The first half of 1961 was a kind of aspirin for a headache that won't go away. We are now fresh out of aspirins.

Up till June 30 President Kennedy's administration had—comparatively—a delightful time with both Congress and the Russians.

In Congress, where he lacks enough support to sail his programs through as he asks, he used two simple but adroit methods to get what he wanted:

MODERATE PROGRAMS

1. For the most part he offered very moderate programs which, by their nature, avoided violent opposition: differences with members of Congress on various points but not on total programs.

2. He used pressure, persuasion and concessions by himself and members of his White House staff to win over such opposition as he had. This has been a very smooth operation. Kennedy's own 15 years in Congress made him expert on this.

The result was a big batch of legislation which — if that had been all that was involved—would have given him a very successful first year in office. But it wasn't all.

3 BIGGEST REMAIN

Congress cleaned up most of the programs before June 30. But the three biggest and most controversial were left over until after the Fourth of July holiday.

THAT COUNTERFEIT TRAVELER'S CHECK RACKET INTRIGUES ME!

These were federal aid to education, the foreign aid program and medical care for the aged. The medical care bill looks likely to get action until 1962.

The big stumble in his foreign aid program is his request to Congress to give him authority to promise this aid on a five-year basis. He wants recipient nations to be able to plan long-range instead of on the present year-to-year basis.

ROUGH-AND-TUMBLE

Congress is hesitant about signing the check for that far ahead. There'll be rough-and-tumble on this one.

The same goes for the federal aid to education bill, principally because of the fight over this question: Should the aid also go to church and private schools?

At this moment it isn't at all clear what the outcome will be. But from now until Labor Day, at least, Congress should be making more noise than it did all year and Kennedy's trouble with

Congress probably will be intense. In the foreign field Kennedy stumbled badly on Cuba by approving a sad-sack invasion by Cuban rebels which withered on the beaches. And he got a nasty setback in Laos where, despite his early stern talk, the Communists have calmly gobbled up more of it.

But to most Americans Cuba probably looks like small stuff while tiny Laos, lost in Southeast Asia, seems far away and not vital. If this had been all that was involved in foreign dealings, it could probably have been swept under the rug.

But it wasn't. From the very moment he took office Kennedy knew before the year was out he was going to have trouble with Russia over West Berlin. Premier Khrushchev had warned of it last year.

But for most of Kennedy's early months in office Khrushchev was rather gracious, as if allowing the new President to move into his new house before pulling the roof down around his ears.

Freedom Must Govern Lives Of All Of Us

By REV. DR. O. D. COBLE

Freedom is a word cherished by every American. It was in search of freedom that our forefathers first came to this country. America at once became the hope of the oppressed and people came by the tens of thousands. Many of them found the object of their search while others endowed with less strength succumbed to privations necessary to reclaim the forests and establish a new life in a new continent. Foremost among these were the hardy passengers of the Mayflower who lost approximately one-half of their number in the first fearful winter.

Still others came and the majority of those who came to our shores did so in the quest of freedom. From New England to Georgia the story was much the same. This was a land promising much to those who dared to establish a new way of life in which there was freedom to worship God, an escape from poverty, and an opportunity to live in a land that was as free as it was untried and new.

"In God we trust" is a symbol we all recognize. This was the spirit of the early settler. In this spirit our colleges and institutions of higher learning have been established.

VARIED BACKGROUNDS

Whether we think of the Puritans who landed on the rocky coasts of New England, the French Protestant Huguenots of Georgia, the Anglicans of Virginia, the Catholics of Maryland, the German, Swedish and Finnish Lutherans of Pennsylvania and Delaware, all had a mutual faith in Almighty God. And this was their primary objective: To worship God after the dictates of their own hearts. Of these God-fearing ancestors we are proud.

But with the passing of years and a people now numbering approximately 175,000,000, we find ourselves faced by many problems of our own making and those peculiar to the unrest of this day. The very freedom and liberty so highly prized and hoped for by our forefathers stand in jeopardy.

DANGER FROM WITHIN

The evil that we face comes not so much from without but rather from within. Communism thrives on weakness. It capitalizes on the misery and poverty of those less fortunate. It claims to offer something better and so the masses of Cuba believe the wild rantings of Castro. Other depressed peoples to be found in other areas are likewise influenced. Many of our own people have been deceived and thus we have serious racial disturbances.

Labor disputes occur in essential industries and even in our defense plants. Are we so naive and credulous to believe that these things have not been fomented by the Communists? Even now there is a strike on the part of sea unions in which the cargoes of more than 800 vessels are tied up.

The strike is an arbitrary vicious device entirely lacking in Christian concept and if uncontrolled can destroy this great nation. Indeed the average person is afraid to speak out against the evils of organized labor caused by selfish and inferior leadership.

LABOR REGRETS

Labor has every right in the world to organize. Its rights must be safeguarded but through legal process, not a device in which everyone loses. Members of Congress have been threatened because they have challenged corruption within the labor organizations. The laborer is primarily not at fault. He is worthy of his hire, but it cannot continue to be at the cost of coercion, threat and intimidation.

All power to President Kennedy if he can devise a solution to our present labor situation but let government be by all our people and not at the dictates of a powerful minority.

Freedom is an elusive substance. We enjoy it only to the extent we respect the rights of others. Disrespect for law and order and the basic rights of humanity are at the basis of many of our problems of this day.

The freedom we wish is a product of personal consecration, dedication and example. The law of God cannot be circumvented by the action of man. Neither can His laws be changed or improved upon. Our understanding of them may change and may have a more truthful interpretation but God and His kingdom are immutable, the same yesterday, today and forever. It is good for us to know that even though we fail

there is something that is good and eternal.

FREEDOM IN LAW
The freedom that we cherish is to be found in His law. As we incline our hearts to His way, we shall come into the fullness of life. "And he that sitteth on the throne shall dwell among them. They shall hunger no more, neither thirst any more; neither shall the sun light on them nor any heat. For the Lamb which is in the midst of the Throne shall feed them and shall lead them unto living fountains of water; and God shall wipe away all tears from their eyes."

Truth is freedom. Only as we know it shall we enjoy freedom. "Know the truth and the truth shall make you free." Ignorance and misunderstanding are like clouds which obscure our horizons.

Basically all people are alike. They have the same hopes, the same fears. The mother in Russia is not unlike the mother in America. Aware of this we have exchange programs with other nations. Our youth visit them and their youth visit us. We learn to know one another and, as we come to know one another, love and respect displace distrust and misunderstanding.

The very freedom we cherish becomes ours when it finds expression in our lives. Let every one practice the "Golden Rule" as it applies to both God and man! "And they shall not hurt nor destroy in all my holy mountain. For the earth shall be full of the knowledge of the Lord as the waters cover the sea." Then only shall there be real freedom.

der and the basic rights of humanity are at the basis of many of our problems of this day.

The freedom we wish is a product of personal consecration, dedication and example. The law of God cannot be circumvented by the action of man. Neither can His laws be changed or improved upon. Our understanding of them may change and may have a more truthful interpretation but God and His kingdom are immutable, the same yesterday, today and forever. It is good for us to know that even though we fail

there is something that is good and eternal.

Sell Homesites To Boost Economy

ESTANCIA, N.M. (AP)—Five homesites here have gone on the sale block for \$1 each.

But, there is a string attached. Each buyer must agree to build a home no smaller than 1,000 square feet in living space within 24 months after the site has been bought.

If the buyer fails to do so, the title reverts back to the seller, the Estancia Development Corp.

The corporation, headed by State Sen. Earl Parker, made the offer in hopes it will give Estancia's sagging economy a boost.

POLICE CHIEF REJECTS AAA CLUB'S GRIPE

LANSFORD, Pa. (AP)—Frank G. McCartney, the state police commissioner, says the Northeastern Pennsylvania Motor Club (AAA) is "trying to inveigle" his organization into changing the pattern of using plainclothesmen and unmarked cars. He says he is not going to change the operation.

McCartney repeated the statements from his home here Thursday night after saying the state in a press release issued prior to a meeting in Scranton Thursday with a committee of the motor club. The meeting, which McCartney had requested to discuss the club's complaints, ended in apparent harmony.

But when the motor club officials learned about the press releases being issued before the meeting, President William E. Bright immediately sent a letter to McCartney and Gov. David L. Lawrence saying that such issuance did not show any promised cooperation.

MIND MADE UP

"Apparently you had made up your mind on all these matters before the committee meeting," the letter stated.

McCartney said he had no comment on the club's letter because he hadn't seen it yet. He said he was surprised by the club's reaction because Alan Huntzinger, the executive secretary, had the releases in hand when McCartney addressed the group.

The state police commissioner said he met with the club committee in Scranton to go over some complaints officials said they had but that they couldn't spell out the "so-called complaints."

McCartney said the club's major complaint was the over use of plainclothesmen and unmarked cars. He said he told them 50 per cent of state police vehicles are marked and that numbers wouldn't increase. He said plainclothesmen are used only as spotters while uniformed officers make arrests.

"Our goal is to cut down in the slaughter on the highways and our record is good," said McCartney.

NOTHING BUT PEACE
"We will never use any means but peaceful means," he said. "We will never resort to aggression."

"Again I must assure you Kuwait will return to the motherland," he said, adding "but we do not live in barbarian ages when brutal means are used to defeat the well-being of man."

Though Kassem told newsmen he was sure Iraq would get Kuwait without going to war, he didn't say how. He hedged on the question of a plebiscite among Kuwait's 320,000 inhabitants.

"There is a sort of zigzag on this particular question," the premier said. "Would you like us to go to Aberdeen or Liverpool and ask if the people there wanted a plebiscite?"

"CORRUPT PLAYBOYS"
Kassem said that except for a number of sheiks he denounced as corrupt playboys, "practically all the Arab peoples" support his claim.

He specifically excluded Saudi Arabian sheiks from his denunciation, although King Saud is the staunchest Arab backer of Kuwait's independence and has sent troops to the threatened sheikdom.

NEWLY UNITED CHURCH LOOKS TO NEW UNION
PHILADELPHIA (AP)—A newly unified Protestant church today headed into plans for possible merger with still another major denomination. Initial approval came from both sides.

With its constitution put into effect only this week, the United Church of Christ extended its call for union to the Christian churches (Disciples of Christ), and got an immediate favorable response.

"We promised in the beginning not only to be a united church but a uniting church," said the Rev. Dr. Ben M. Herberster, of Norwood, Ohio, the newly named president of the 2-million-member United Church.

1.8 MILLION INVOLVED
After its general synod authorized negotiations "looking toward possible union" with the Christian (Disciples) church, its leaders replied that representatives were ready to begin talks this fall.

That denomination has about 1.8 million members in nearly 8,000 congregations across the country.

If combined with the United Church, whose merger of the Evangelical and Reformed and Congregational Christian churches was completed only this week, it would make a body of almost 4 million in 14,000 congregations.

PROPOSE NEW AUTO SESSIONS

DETROIT (AP) — American Motors Corp. appeared ready today to play an aggressive role in labor contract negotiations in the auto industry this summer.

The company proposed a "fresh new approach" at the opening of its collective bargaining talks with the United Auto Workers Union Thursday.

At the start of negotiations with General Motors, Ford and Chrysler last week, UAW President Walter P. Reuther urged the breaking of new ground to provide job security and more jobs for auto workers. He suggested Thursday that AMC because of its success in making compact cars could set a pattern for the Big Three.

Unexpectedly, AMC Vice President Edward L. Cushman came up at once with a set of bargaining goals.

Cushman proposed a permanent recognition of the union with specific conditions of the new contract subject to change as changing conditions require.

Cushman said AMC was proposing to discuss—away from the bargaining table—mutual problems, philosophies, needs and common responsibilities to the community. Reuther said the union would study the AMC suggestions.

BRITISH STAR IS CURRENT COMIC RULER

By BOB THOMAS
AP Movie-TV Writer

LONDON (AP)—Peter Sellers in person seems the least likely person to be the current king of the British film world.

With his large head, full jaw, black-rimmed glasses and neat tailoring, he might be a prosperous London advertising man. But a string of hit comedies—"The Mouse That Roared," "I'm All Right Jack," "Two-Way Stretch," etc.—have made him the most sought-after star in English films. Sellers isn't entirely elated by this turn in his life.

QUIET MAN

"I am by nature a rather quiet man," he says. "I used to think that it would be nice some day to have someone ask me for my autograph. Now it alarms me."

I met the 35-year-old actor at Shepperton, probably the only studio in the world that has a church and graveyard outside its front door. He was on the final day of making "That Uncertain Feeling" with Mai Zetterling. After a breather in Paris, he will start "Waltz of the Toreadors."

ROAST DEBUT

Sellers' debut as director-star, "Mr. Topaze," opened recently in London. The critical reaction? "They gave it a roasting," he reported. "It didn't bother me. There are only two London critics I respect and they criticized it constructively. The others? There are no standards for film criticism; most film critics have no background for it."

The fans still like him, both here and across the pond. But he

admitted his American impact has been with the art-house, not the mass audience.

IN "LOLITA"

"Perhaps 'Lolita' will do it," said Sellers, who plays a fast-talking American in the controversial story. "It is a great film. No doubt it will run into censor trouble, but it is done inoffensively."

If "Lolita" fails, Sellers might reach the Yankee masses with "Dangerous Silence," which he may make here with Jack Lemmon this fall. And he is considering Hollywood films for next year. Sellers will take a scouting trip to California in October. If he finds the natives friendly, he may return. But England needn't worry about losing its No. 1 boy. Not yet, anyway.

KILLER SEEKS PAROLE AFTER 8 YRS. IN ROW

HARRISBURG (AP) — One of three men who spent eight years in death row waiting to be executed for a 1947 murder has asked the State Pardons Board to free him.

Harry Zeitz, now 30, was sentenced with David Darcy, 35, and Harold Foster, 35, to die in the electric chair for the Dec. 22, 1947, murder of William Kelly, 38, while they were making a getaway after robbing the Feasterville Inn near Doylestown, Bucks County.

Zeitz on Wednesday applied to the board for commutation of another sentence, for robbery, and included in his application a petition that, if granted, would put him on parole for the rest of his life.

He and the others have been serving a life term in the Eastern State Correctional Institution, Philadelphia, since 1956, when Gov. Leader granted them clemency in a dramatic 11th hour executive move that saved their lives when they seemed most certain to lose them.

Boy Hangs Self Playing Cowboy

GREENVILLE, Pa. (AP) — A 13-year-old Mercer County boy accidentally hanged himself Thursday night while playing cowboy.

He was Richard D. Crowley, son of Mr. and Mrs. Richard V. Crowley of Greenville R. 3.

An uncle found the boy suspended from a rope over a tree limb. The coroner's office ruled the death accidental.

The mishap occurred at the home of Andrew Mischick, the boy's maternal grandfather.

Between 1948 and Sept. 30, 1956, when the clemency was granted, their fates hung in the balance as Darcy fought unsuccessfully through the country's judicial system for a new trial. He went as high as the U.S. Supreme Court five times.

NUMEROUS STAYS
In all, Zeitz and Darcy had 27 stays of execution and Foster 22 before Leader stepped in on the night before they were to die.

Leader's action, taken on the unanimous recommendation of the Pardons Board, sparked a heated controversy in that election year and resulted in a legislative investigation of the Pardons Board. Zeitz's application is expected to come before the September sitting of the board, the exact date for which has not yet been set.

Letter To The Editor

Dear Editor:

What is the matter with the people of your city? Your town is decorated beautiful. But what about your buildings? On our trip over the battlefield we noticed two of your main buildings with flag poles but no flags. One was the Post #9 GAR, and the other the fire house. I understand that the town offices are in that building. We understand that your mayor is a reserve officer in the army. Where is their patriotism?

PLAN HEARINGS ON MINE BILL

HARRISBURG (AP)—The Senate Local Government Committee will hold public hearings next week on a bill to strengthen filling requirement for bituminous coal strip mining operators.

Sen. John J. Haluska, D-Cambria, committee chairman, scheduled the hearings in the latest development Thursday in a series of reversed decisions over the measure.

Last week, he called off hearings scheduled for this week when newspaper stories appeared claiming he was using a car owned by a prominent strip mine operator.

Haluska announced his decision to reschedule the hearings following statements by Gov. Lawrence's staff that the measure was favored by the administration.

A few hours before Haluska announced his decision, a delegation representing the Pennsylvania Federation of Sportsmen's Clubs met here and also demanded action by Haluska's committee on the bills.

Fire Damages College Hall

PHILADELPHIA (AP)—Taylor Hall, a landmark on the campus of Bryn Mawr College, was swept by a general alarm fire which damaged the loft and a third floor, causing an estimated \$175,000 damage.

When the fire broke out Thursday some 30 employees of the college rushed to Taylor Hall, which houses the administration offices, and carried out records and rare books.

Five fire companies kept flames from spreading to the east wing of the structure.

A janitor was burned while fighting the fire, the only injury reported.

Mishap Wipes Out Entire Auto Fleet

BJARKOEY, Norway (AP) — This arctic island's entire fleet of automobiles—a truck and a station wagon—collided head on Thursday at a bend in the island's only road.

A woman passenger in the station wagon suffered a concussion.

The station wagon, which is the island's only taxi, was badly damaged. The truck got off with a few scratches.

BJarkoe has an area of five square miles and a population of 730.

MADRAS, India (AP)—Officials fear deaths from floods and landslides caused by monsoon rains in southern India may total hundreds when all casualty figures are in.

Two landslides were reported today to have killed 43 persons in Kerala state Sunday. Thirty-six other deaths have been reported in Kerala since the rains started last week.

Caroline's Rescuer Says Child Slipped From Raft

BOSTON (AP)—A young mother who rescued 3-year-old Caroline Kennedy when she fell into water over her head at a private pool says "any of the mothers standing around could have done the thing I did."

Caroline, daughter of President and Mrs. Kennedy, apparently suffered no ill effects from her ducking in 4 or 4½ feet of water a week ago Thursday at the Bethesda, Md., home of Mr. and Mrs. Newton I. Steers Jr. Mrs. Steers is the daughter of Mrs. Kennedy's stepfather, Hugh D. Auchincloss.

The White House confirmed the incident after the Washington Evening Star told about it in a story by society columnist Betty Beale.

MRS. SALTONSTALL

The rescuer was Mrs. William Saltonstall, daughter-in-law of U.S. Sen. Leverett Saltonstall, R-Mass. Mrs. Saltonstall, 30, who is expecting a third child in the early fall, was at the children's party with her 3-year-old daughter Claire.

She told the Boston Traveler: "There were six or seven other mothers there also. We were all standing around the pool helping our children into their bathing suits and talking to each other. Suddenly I looked up and saw Caroline push off the edge of the pool clinging to a raft."

"Then to my horror she slipped from the raft and started to go down. I was about 10 feet from the edge of the pool. I ran and jumped over a small wall and leaped into the water. I was fully dressed at the time."

"I grabbed Caroline and pulled her to the edge. She looked at me, not a bit frightened, and asked why I had my clothes on in the water."

"I told her that having clothes on in the water was sometimes fun. That's about all that happened."

Mrs. Kennedy was not at the party. Caroline had gone there with a nurse and a Secret Service man. Steers and his wife also were absent and the family nurse, Kathryn Curran, was in charge.

Miss Curran said no one had gone into the water when Caroline slipped into her suit and walked to the pool.

The Star said Caroline's nurse, unknown to the others, had gone into the house to change into her bathing suit when the incident occurred.

ISSUE BANK CALLS

HARRISBURG (AP)—The state Banking Department issued a call Khushchev announced that Thursday for the condition of all state banks and trust companies as of the close of business June 30.

SLAYS WIFE, HER FATHER AND SUICIDES

PITTSBURGH (AP)—A young Pittsburgh man killed his estranged wife and his father-in-law, then took his own life Thursday a few hours after divorce proceedings were initiated against him.

William Johns, 20, shot his wife, Laverne, 18, and his father-in-law, Howard Terhorst, 45, in suburban Castle Shannon and then killed himself in a nearby wooded section.

Today would have been the couple's first wedding anniversary. Mrs. Johns was expecting a child.

Lorraine Terhorst, Mrs. John's twin sister, said she had gone with her sister to an attorney's office Thursday to begin divorce proceedings. Miss Terhorst said Johns was there and asked his wife to call off her divorce plans, but she refused.

Miss Terhorst quoted her sister as saying, "I'm glad this is all over. For the baby's sake I'm going to leave him."

She said the couple separated five months ago and her sister left Johns and went to Louisiana to live with relatives, returning here only two weeks ago.

Johns pursued his wife to the store. There, he waved his pistol at two men in the sales room and ordered them out of the way.

He chased his wife around a boat on display and fired twice. One bullet hit her in the head and the other in the back.

He then ran about 100 feet into the wooded area and shot himself in the chest as policemen from Castle Shannon and neighboring communities closed in.

Miss Terhorst said her sister had left Johns because he refused to work, was cruel to her and objected to her ambitions to become a professional accordionist.

Police said Johns, who resided with his mother, had been in several petty scrapes with the law and had served time in a juvenile institution.

MacArthur Sails To Leyte Island

ABOARD THE LAPU LAPU WITH MACARTHUR (AP)—U.S. General of the Army Douglas MacArthur sailed tonight through the Sibuyan Sea aboard the Philippines' luxurious presidential yacht toward Leyte Island where he launched the liberation of the Philippines in World War II.

It was smooth sailing. A tropical storm had moved away from the islands after causing heavy rains Thursday during the general's visit to Lingayen.

MacArthur was getting a welcome rest aboard the Lapu Lapu from four strenuous days of his 10-day sentimental return to this Southeast Asian republic. He has received a tremendous reception.

Final preparations were under way at Tacloban, on Leyte, where the general will arrive Saturday.

WASHINGTON, Pa. (AP)—A man was fatally injured and a married couple hurt Thursday in a three-car crash at the intersection of Routes 31 and 519 at Eighty Four, seven miles east of Washington.

John Polensky of Cokeburg died of multiple skull fractures in Mercy Hospital, Pittsburgh, about three hours after the crash.

Bomb Explodes In Paris Hotel

PARIS (AP)—A plastic bomb apparently set with a time fuse, exploded early today in the sprawling Hotel Des Invalides, about 250 yards from Napoleon's tomb. No one was injured.

Police investigating the blast found tracks signed by the extreme right wing "secret army organization" of Europeans in Algeria who oppose President Charles de Gaulle's Algerian policies.

TO ASK PROBE OF LICENSING IN THIS STATE

HARRISBURG (AP)—Rep. Albert W. Johnson, House Republican floor leader, said today he will seek a legislative investigation of operations of the state's professional licensing agency.

Johnson said he would introduce a resolution in the House next week that would provide for an investigation and public hearings of the Public Instruction Department's Bureau of Professional Licensing.

The action followed the dismissal Thursday of William J. Kilroy, administrative head of the bureau. The agency regulates licensing in 16 professional fields.

Johnson said the "public" has a right to know if any graft of payola was involved in the dismissal of Congressman William Green's political protégé, Mr. Kilroy.

Kilroy was sponsored by Green for his \$9,200-a-year state post.

The dismissal of Kilroy came, said Dr. Charles H. Boehm, superintendent of public instruction, because he interfered in activities of the 16 licensing boards.

Three closed-door hearings were held in the case. Members of some of the state boards testified.

Johnson contended the dismissal "left many questions unanswered."

"The reason why this question is legitimate is that Kilroy's dismissal is directly linked with the payola scandals in Philadelphia," said Johnson in a statement.

In his letter of dismissal to Kilroy, Boehm said the Public Instruction Department investigation was the result of a payola investigation in Philadelphia.

Comedy To Play Totem Pole Week

A gay, witty sophisticated comedy, "The Reluctant Debutante," by William Douglas Home, will open a week's run at the Totem Pole Playhouse in Caledonia State Park on Monday.

The London and Broadway hit concerns the problems of some modern parents and their attempts to launch their daughter in the height of the social season. Donald Somers, who stars this week as the Japanese tycoon in "A Majority of One," will play the father, while the mother will be portrayed by Kate Wilkinson.

Miss Wilkinson was seen earlier this summer as the mother in "The Pleasure of His Company."

The debutante who resists will be played by Patricia Woods, and Ted Graeber and T. J. Murphy will play her two suitors. Jean Barker will make a complete switch this week from her house-dresses of the Brooklyn widow in "A Majority of One" to a glamorous matron about to launch her daughter, played by Yolanda Sini. Vivian Rogers completes the cast.

NEW YORK (AP)—Democratic National Chairman John M. Bailey reports the national committee has reduced the party's debt from \$3,900,000 to \$900,000 since January.

He predicts the deficit, incurred during last year's presidential election campaign, will be wiped out by the end of this year.

balance of \$6,588 in its bank account. A resolution, adopted unanimously on a roll call vote, ratified all preliminary actions taken by the two boards affecting the merged district.

Then the board listened while Secretary Orville B. Orner read a list of several hundred names on which Tax Collector J. Herbert Weikert was asking exonerations because persons on the list were deceased, had moved away, were on the list more than once or were "no good," a notation following a majority of the names.

Weikert was exonerated from collecting \$835 in taxes in the First Ward, \$754 in the Second Ward and \$983 in the Third Ward. The action does not exonerate the taxpayer and Weikert will continue his efforts to collect the overdue taxes for 1960.

By board action he is authorized to use wage attachments to collect delinquent levies.

The exonerations allowed Thursday evening represent less than one per cent of the total 1960 school tax duplicate which included \$236,106 in real estate levies and \$51,705 in per capita which with later additions became a total of \$294,967. Liens totaling \$236.10 have been taken against real estate on which 1960 taxes have not been paid.

Minutes of a special board meeting on June 12 showed that a two-bus contract has been awarded Samuel Kessel for hauling pupils in Freedom Twp. at \$44.55 per day.

The first meeting of the new joint school operating committee will be held next Monday evening at 8:30 o'clock at the high school.

FBI ARRESTS FAKE LAWYER

SAN FRANCISCO (AP)—FBI agents in San Francisco Thursday night arrested an ex-convict who impersonated a Washington, D.C. attorney and handled some 100 cases. At least three of his clients face the death penalty.

In Washington, FBI Director J. Edgar Hoover identified the man as Daniel Jackson Oliver Wendell Holmes Morgan, 50, a Negro.

Morgan has been the object of an intensive search since he fled Washington June 23, the FBI said.

Morgan practiced law in Washington under the name of L. A. Harris, an attorney who practices elsewhere but was admitted to the district bar in 1955.

The three former Morgan clients who await execution on the District of Columbia's death row were not identified.

Morgan was born in Birmingham, Ala.

He served two concurrent six-month jail sentences for contempt of court in 1957 after his arrest in Los Angeles for impersonating a Chicago attorney.

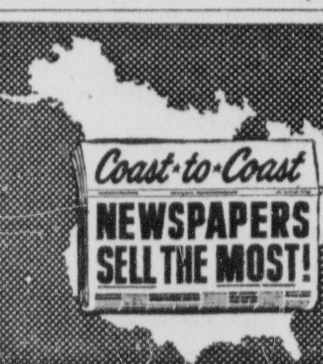

Hoover said Morgan's record includes convictions for petty larceny, first degree robbery, vagrancy, burglary and carrying concealed weapons.

Voice Of America Records Festival

KUTZTOWN, Pa. (AP)—The Voice of America will make special recordings at the Pennsylvania Dutch Folk Festival today for broadcast overseas over the weekend.

Along with the on-the-spot recordings will be one made in Harrisburg by Gov. David L. Lawrence telling how Pennsylvanians have maintained the customs and traditions of the nations from which they or their ancestors came.

More than 80,000 have attended the festival since it opened last Saturday. Festival officials predict the 102,000 mark will be broken before final activities Saturday.
